

CLARIN-CH

Common Language Resources and
Technology Infrastructure

Information Sessions CLARIN-CH

What is CLARIN?

CLARIN is a pan-european **digital infrastructure** offering **data, tools** and **services** to support research based on language resources.

What is CLARIN-CH?

CLARIN-CH is a **national network** that gathers Swiss scholars working on language related issues and fosters the sharing of resources and expertise.

Join us for the information session and find out more about how to gain access to all CLARIN resources and how to get involved !
